Amendments to the Claims/Listing of the Claims

Please amend claims 1, 3, 4, 6, 7 and 8 and cancel claim 5 as follows. This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently amended) An isolated nucleic acid comprising a sequence encoding a fragment of CREB binding protein (CBP), wherein said fragment includes all or a portion of CBP which binds to CREB, and wherein said fragment comprises residues 634-648 of SEQ ID NO:2.
2. (Previously presented) The isolated nucleic acid of claim 1 wherein said fragment includes the arginine residue at position 600 of SEQ ID NO:2.
3. (Currently amended) The isolated nucleic acid of claim 1 wherein said fragment of CBP [[is]] comprises residues 1-661 of SEQ ID NO:2.
4. (Currently amended) The isolated nucleic acid of claim 1 wherein said fragment of CBP [[is]] comprises residues 461-661 ID NO:2.
5. (Canceled)
6. (Currently amended) An isolated nucleic acid comprising a sequence encoding a mutant fragment of CREB binding protein (CBP), wherein said fragment includes all or a portion of CBP which binds to CREB, and wherein said fragment comprises residues 634-648 of SEQ ID NO:2.
7. (Currently amended) [[The]] An isolated nucleic acid of claim 1 comprising a sequence encoding a fragment of CREB binding protein (CBP), wherein said fragment comprises residues 461-661 of SEQ ID NO:2, and wherein the residue at position 600 of SEQ ID NO:2 is an amino acid other than arginine.

8. (Currently amended) The isolated nucleic acid of claim [1] 7 wherein said fragment includes the residue at position 600 of SEQ ID NO:2 is glutamine.

9. (Previously presented) A CBP fragment encoded by the sequence of claim 1.

10. (Previously presented) An antibody reactive with the CBP fragment of claim 9.
